## PASPOD Podium Step

PASPOD Podium Steps are manufactured to the highest specification and offer a safe alternative to builders steps.

Every PASPOD offers two platform heights with the platform and rungs set at an equidistant 250mm pitch.

The PASPOD Podium Step provides the required minimum 1m guardrail height above the standing platform at both available platform heights.

Comprising of a Folding Frame, Incline Ladder, Non-Slip Aluminium Deck and Twin Stabilisers, (and a Diagonal Brace on the larger sizes), the PASPOD Podium folds flat for ease of handling, transportation and storage.

With an easy to operate gate locking hook the PASPOD Podium Step offers a safe and secure non-slip aluminium platform for 360° working.

The PASPOD Podium Step offers a safe working load of 150kg.

Product Code	Platform Height
PASPOD75	500 - 750mm
PASPOD100	750 - 1000mm
PASPOD125	1000 - 1250mm
PASPOD150	1250 - 1500mm
PASPOD175	1500 - 1750mm
PASPOD200	1750 - 2000mm
